Blue Choice PPO Provider Manual - Federal Employee Program (FEP)

Federal Employee Plan (FEP) Overview

Blue Cross and Blue Shield Service Benefit Plan is the official name of coverage offered to federal employees and annuitants by participating Blue Cross and Blue Shield Plans. This plan is commonly referred to as the Federal Employee Program or FEP.

FEP benefits may be redefined annually as negotiated by the Blue Cross Blue Shield Association and the Office of Personnel Management in Washington, D.C.

FEP utilizes the Blue Choice PPO network.

No PCP or Referrals

Subscribers of the Service Benefit Plan do not choose a primary care physician, and referrals are not required, however, Standard Option subscribers must seek care from a participating **Blue Choice PPO** health care provider in order to receive the highest level of benefits, and Basic Option subscribers only have in network level benefits with few exceptions.

Enrollment Codes

Eligible Federal employees, tribal employees and annuitants may enroll in the Federal Employees Health Benefits Program. Refer to <https://www.opm.gov/> for additional information.

The federal ID card is quite different from **Blue Choice PPO** ID card. The following is a key to the Service Benefit Plan enrollment codes that appear on the federal ID card.

Enrollment Code	Benefits For	Benefit Option
104	Self Only	Standard
105	Self and Family	Standard
106	Self Plus One	Standard
111	Self Only	Basic
112	Self and Family	Basic
113	Self Plus One	Basic
131	Self Only	FEP Blue Focus
132	Self and Family	FEP Blue Focus
133	Self Plus One	FEP Blue Focus

Option Defined

Three health plans options are offered to FEP members: FEP Blue Focus, Basic Option, and Standard Option.

FEP Group Number

Federal Employee Program group number is **OFEPTX**. This group number needs to be entered in Block 11 on the CMS 1500 claim form or in Block 62 on the UB 04 claim form.

Blue Choice PPO Provider Manual - Federal Employee Program (FEP)

FEP Blue Focus Option

FEP Blue Focus is a PPO with a nationwide network including hospitals, physicians, and numerous ancillary/specialty providers. FEP Blue Focus:

- Is an in-network-only benefit program that requires members to use PPO providers in order to receive benefits.
- Offers unique design with services categorized by core, non-core, and wrap benefits.
- Core services include full coverage for preventive care, the first 10 office visits per year with a \$10.00 copayment for both PCP and specialists. A \$500/individual and \$1000/family deductible applies to non-core benefits.

<small>This card is used to obtain covered benefits under the Blue Cross and Blue Shield Service Benefit Plan FEP Blue Focus. You MUST use Preferred providers to get benefits. Precertification is required for all hospital admissions and is ultimately your responsibility. Benefits are reduced by \$200 if precertification is not obtained. For instructions, call the local Blue Cross and Blue Shield Plan serving the area where you are treated. In some areas, Preferred hospitals will obtain precertification for you. Certain other services require prior approval. Please consult your benefit Brochure for more information. Use of this card constitutes acceptance of the terms and conditions in the FEP Blue Focus Brochure for the applicable contract year, which is the only legal description of benefits.</small>

Basis Option

Basic Option Plan:

- Is a PPO with a nationwide network including hospitals, physicians and numerous ancillary and specialty providers.
- Is an in-network-only benefit program that requires members to use PPO providers in order to receive benefits.
- Has no calendar year deductible.
- Most services are reimbursed in full of the plan allowance after an applicable member copayment.
- Office visit copayment is \$30 for a Preferred Primary Care Physician and \$40 for a Preferred Specialist.

Standard Option

Standard Option Plan:

- Is a PPO with a nationwide network including hospitals, physicians, and numerous ancillary and specialty providers.
- Members must use PPO providers to receive preferred (network) benefits.
- Members may also use non-PPO providers, participating, or non-participating. When a non-PPO provider is used, the member will receive a lower benefit level.
- Office visit copayment is \$25 for a Preferred Primary Care Physician and a \$35 copayment for a Preferred Specialist. Other non-preventive services are first subject to a \$350/individual or \$700/family calendar year deductible

How Do I Obtain Prior Approval/ Authorization?

To obtain inpatient prior approval/authorization (**excluding behavioral health**) or outpatient prior approval/authorization, call:

**Medical Management at
1-800-441-9188**

Behavioral Health Prior Approval/ Authorization

Inpatient hospital admissions require prior approval/authorization under the Federal Employee Program.

To prior approve/authorize behavioral health inpatient admissions, call:

1-800-528-7264

Outpatient behavioral health services do not require prior approval/authorization.

If you or your FEP patient have questions or need information about behavioral health professionals, facilities or procedures, call **1-800-528-7264**.

Blue Choice PPO Provider Manual - Federal Employee Program (FEP)

FEP Claims Filing

Refer to Section F of this provider manual for the detailed instructions on claims filing.

FEP Inquiries

For federal claims inquiries, contact BCBSTX Federal Customer Service by calling:

1-800-442-4607

Address written claims inquiries to:

**BCBSTX
FEP Customer Service
P.O. Box 660044
Dallas, TX 75266-0044**

FEP Pharmacy Programs

Some prescription drugs require prior approval through the Retail Pharmacy Program for federal subscribers. To assist the subscriber with the prior approval process or if you need information about the federal pharmacy programs, please call the following toll-free numbers:

**Retail Pharmacy Program Customer Service
1-800-624-5060**

**Mail Order Prescription Program
1-800-262-7890**

FEP Disease Management Programs

The FEP Disease Management Program is an integrated approach in managing and preventing chronic conditions by providing member education within the disease process and identifying multidisciplinary efforts to maximize cost and improve quality of life.

The program is available to subscribers diagnosed with asthma, congestive heart failure (CHF), coronary artery disease (CAD), congestive obstructive pulmonary disease (COPD), and diabetes.

Subscriber enrollment is voluntary; candidates are identified through continuous recruitment. Refer to Section K of this Blue Choice Provider Manual for additional information.

Blue Choice PPO Provider Manual - Federal Employee Program (FEP)

FEP Blue Health Connection¹

Physicians, professional providers and subscribers benefit from Blue Health Connection.

Blue Health Connection is a toll-free service that provides 24-hour health care information available to Blue Cross and Blue Shield of Texas Federal Employee Program (FEP) subscribers. The service enables subscribers to make informed, appropriate health care decisions. Subscribers can call the Blue Health Connection Audio Health Library[®] at **1-888-BLUE-432** and get prerecorded information and literature on more than 450 health topics.

Additionally, FEP subscribers can speak to experienced, specially trained nurses who can answer their health care questions. Using non-diagnostic, symptom-based assessment guidelines, the nurses help subscribers identify appropriate sources and time frames for care.

With Blue Health Connection, network physicians and professional providers may benefit through a reduction of after-hour and inappropriate phone calls. We also expect Blue Health Connection to reduce unnecessary hospital emergency visits. Subscribers will receive supportive information, in addition to that given by their physician or professional provider.

Note: Blue Health Connection should only be used by FEP subscribers. However, preferred physicians and professional providers are offered one courtesy call to be used as a demonstration. Preferred physicians or professional providers should identify themselves, so they will not be included in the utilization data for the program.
